

16th EURECA 2021

International Engineering and Computing Research Conference

**“Revolutionising Technological Sustainability
for Smart Society Through Multidisciplinary Research”**

24 November 2021

Venue: Virtual Conference

Call for Paper

Smart Society 5.0

Data Science
Artificial Intelligence
Cyber security and its applications
Industrial Internet of Things (IIoT)
Additive manufacturing
Autonomous robots

Chemical, Mechanical and Electrical & Electronic Engineering

Processing, extraction and purification
Multi-sensory interfaces
Computational Fluid Dynamics (CFD)
Lubrication and tribology
Noise and vibration
Waste utilization and management
Drones technology
Material Science and Engineering

Sustainability and Innovation

E- Learning
Smart cities
Soft Computing
Traffic identification and classification
Carbon capture and sequestration
Sustainable and renewable energy
Green entrepreneurship
Green transportation
Green supply chain management
Technology innovation for a green economy

Cyber Security

Cyber physical systems
Computer network and security
Ethical hacking
Mobile applications
Digital twins
Wireless network security
Cloud computing and ambient intelligence

Industry 4.0 Revolution

Big data
Big data and analytics
Machine learning
Augmented reality
Cognitive computing
Information retrieval
Computer and control systems
Factory automation
Expert systems and intelligent agents
Communication protocols cognitive radio
Sensing and sensor networks power electronics
Advanced wireless systems & technologies beyond LTE-A, WSN
