

# **CALL FOR PAPERS**

## **FIRST WORKSHOP ON APPLIED MULTIMODAL AFFECT RECOGNITION**

**Held in conjunction with FG2020**

**May 18, 2020 · Buenos Aires, Argentina**

### **Topics of interest include but are not limited to:**

- Health applications with a focus on multimodal affect
- Multimodal affective computing for cybersecurity applications
- Inter-correlations and fusion of ubiquitous multimodal data as it relates to applied emotion recognition
- Leveraging ubiquitous devices to create reliable multimodal applications for emotion recognition
- Applications of in-the-wild data vs. lab controlled
- Facilitation and collection of multimodal data for applied emotion recognition
- Engineering applications of multimodal affect

### **Important Dates**

**Paper submission**

February 1, 2020

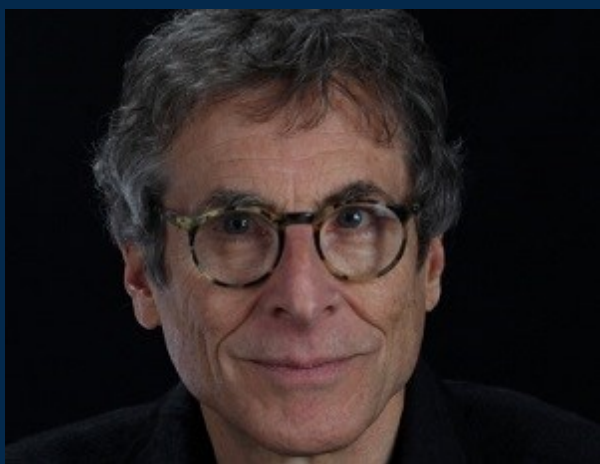

**Decision to Authors**

February 14, 2020

**Camera-ready papers**

February 28, 2020

## **FEATURING KEYNOTE SPEAKERS**

**Dr. Jeffrey Cohn**  
**University of Pittsburgh**

**Dr. Arun Ross**  
**Michigan State University**

**Visit the workshop website or email the organizers at
