FINAL CALL FOR PAPERS

1st 2022 International Conference on Sustainable Environment, Development, and Energy (CONSER 2022)

<https://conser.itny.ac.id>

Prime Plaza Hotel, Sanur, Bali, Indonesia

5-6 December 2022

Dear Sir/Madam,

Institut Teknologi Nasional Yogyakarta (ITNY) Indonesia, Naresuan University Thailand, and Universiti Teknologi MARA, Malaysia is proud to host the **1st 2022 International Conference on Sustainable Environment, Development, and Energy (CONSER 2022)**. The conference themed "*Energy and Sustainable Environment*" is a forum developed to disseminate knowledge and share expertise and experience in the field of energy towards environmental sustainability in all aspects of applications.

We are soliciting original papers describing the state-of-the-art research and development inclusive (but not limited) to the following technical areas:

- Renewable Energy
- Advanced Energy Technologies
- Smart Cities
- Internet of Things, Automation, and Energy Control
- Energy Policies and Management
- Other related Technologies and Applications
- Low Carbon Living
- Climate Change
- Resilient and Disaster Management
- Sustainable Cities and Communities
- Rural Ecosystem
- Risk Assessment and Mitigation

Important Dates:

| CfP Information | 1 st Announcement | Extended to |
|---|------------------------------|--------------------------|
| Abstract & Full paper submission | : 31 July 2022 | 31 August 2022 |
| Acceptance notification | : 31 August 2022 | 30 September 2022 |
| Payment conference fee | : 30 September 2022 | 31 October 2022 |
| Camera ready after payment | : 31 October 2022 | 15 November 2022 |
| Conference day | : 5-6 December 2022 | |

Paper submission process will be managed through the EasyChair system (<https://easychair.org/conferences/?conf=conser2022>). Accepted full papers will be published in the *IOP Conference Series: Earth and Environmental Science (IOP EES)* and indexed by Scopus, including the ISI Web of Science (Conference Proceedings Citation Index), and EI Compendex.

Please visit our website <https://conser.itny.ac.id> for conference details, or contact conser@itny.ac.id for further information. Kindly forward this announcement to your colleagues and accept our utmost appreciation for your assistance in this matter.

We look forward to hearing from you soon.

Yours sincerely,

Wayan Suparta, Ph.D.

The Conference Chair of CONSER 2022

E-mail: conser@itny.ac.id

<https://conser.itny.ac.id>

Dear CONSER Colleagues,

Subject: *Extension of Full Papers/Abstracts Submission to CONSER 2022*

Greetings from CONSER 2022,

On behalf of the organizing committee, we would like to thank and greatly appreciate the contribution of articles (full papers and abstracts) that have been submitted by the authors to CONSER 2022. This is a good response to this conference and we hope that the event will be successful and beneficial for all.

Due to the very high demand for extending paper submission, we decided to extend it until **August 31, 2022**. The further consequence of this extension, if the payment is made after September 30, 2022 or before October 31, 2022, there will be a slight increase in the registration fee as shown in <https://conser.itny.ac.id/submission-registration/registration-fee-2/>. We will make every effort to issue the notification of acceptance before 31 August 2022, of course with a review process.

In addition to the announcement of the extension of the paper submission above, the following is information that the author needs to pay attention to:

1. Abstract submission is only for those who do not wish to publish their paper to IOP EES. This abstract format is free and a maximum length is 1 page with A4 size.

2. To those who will publish to IOP EES must submit a full paper for the simultaneous review process.

3. Papers to be published in IOP EES must follow the template and format provided with a minimum paper length of 6 pages, and the last page must contain a minimum of 10 lines with credible sources of at least 15 references. The full paper below 6 pages is not accepted by IOP EES.

4. Paper will be accepted for IOP EES after the author has revised their paper from 3 reviewers' input (at least 2 reviewers must be accepted for the content). Note that the paper content should tally with the IOP EES scope. If all reviewers agree to publication but the paper content does not fall in the IOP EES scope and is low quality, the conference chair will reject the paper.

5. Payment can be made after the authors receive a notification of acceptance for the ORAL presentation even though the review process is still ongoing for the IOP EES. The conference committee does not issue INVOICE except upon request. The committee will provide proof of payment (**RECEIPT**) when

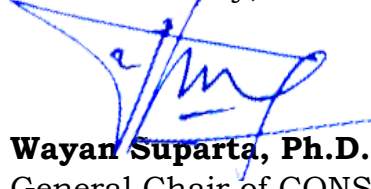

payment has been made and the committee will send it via email. Underpayments will be invoiced or publication to IOP EES will be pending.

6. If the paper has been stated accepted and will be sent to IOP EES by the organizer, then the author must submit a copyright form with a wet signature and check plagiarism results below 20% using Turnitin software.

Please visit our website <https://conser.itny.ac.id> for conference details, or contact conser@itny.ac.id for further information. Kindly forward this extended announcement to your colleagues and accept our utmost appreciation for your assistance in this matter.

We look forward to meeting you in Bali, Indonesia.

Yours sincerely,

Wayan Suparta, Ph.D.
