

IEEE Conference on Engineering Informatics

Sponsored By

SWINBURNE UNIVERSITY OF TECHNOLOGY

Areas of Interest

- Metaverse
- Standards on Metaverse
- Digital design and manufacturing
- Industrial Internet of Things (IIOT)
- Big data
- Augmented Reality (AR) & Virtual Reality (VR)
- Industry 4.0 & Industry 5.0
- Quantum Artificial Intelligence
- Machine learning & Deep learning
- Human-Computer Interface (HCI)
- Digital Construction
- Critical Infrastructure
- Digital Engineering
- Transportation and Automotive

IEEE Conference on Engineering Informatics 2023

Focuses on emerging fields such as Extended Reality, Industrial IoT, and the Metaverse, combining both Industry 4.0 and Industry 5.0.

Date : 22-23 Nov 2023

Venue : Swinburne University of Technology

Location : Hawthorn, Victoria, Australia

Scan to Register

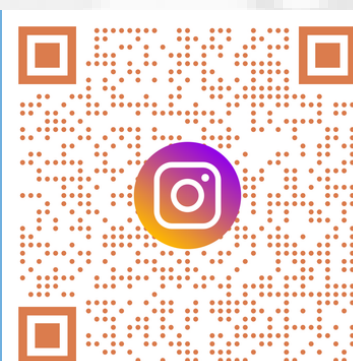

Attention !!!

Students at \$75 only
Academic Scholars at \$500 only
before 31st August

SCOPUS INDEXED
IEEE XPLORE

THE CONFERENCE OFFERS :

- **INDUSTRY SHOWCASES**
- **NETWORKING**
- **ESTEEMED KEYNOTE SPEAKERS**
- **BEST PAPER AWARD**
- **SELECTED PAPER PUBLISHED IN HIGH IMPACT JOURNALS**
