

Introduction

The 41st ESARDA Annual Meeting will be the Symposium on Safeguards and Nuclear Non-Proliferation that marks the 50th anniversary of ESARDA, to be held at the Regina Palace Hotel in Stresa, Italy, from 14-16 May 2019. Prior to the Symposium, on 13 May 2019, meetings of the ESARDA Working Groups, Steering Committee and Executive Board and also the Annette Workshop "Safeguarding the Nuclear Fuel Cycle" will take place. After the Symposium, on Friday 17 May, another Annette meeting will be held and a visit to the JRC Nuclear Safeguards and Non-Proliferation Laboratories in Ispra will be organised.

The Symposium will be an opportunity for researchers, regulators and nuclear facility operators to exchange information on new aspects of international safeguards and non-proliferation, as well as recent developments in nuclear safeguards and non-proliferation related research activities and their implications for the safeguards community.

About ESARDA

Created in 1969, ESARDA is a network of organisations including national regulatory authorities, nuclear facilities operators, as well as research institutions and universities, aiming to bring together the international nuclear safeguards community. Its main goals are research collaboration, and support to European and International Safeguards implementation

Abstract Submission

The Symposium organisers welcome submissions on a variety of topics which will be assigned to different sessions. Submissions are handled through the EasyChair conference management system, to which you will have to register/login before inserting your contribution.

Instructions for authors are readily available from the ESARDA website.

General Information

Registration

All attendees of the ESARDA Symposium are required to pay the registration fee which provides full participation in the conference including conference materials, proceedings, morning/afternoon coffee breaks and lunches. Welcome Reception on Tuesday and Dinner on Wednesday evening, as well as the bus transfer to/from Ispra on Friday for the optional visit to the JRC are also included.

700 € Registration fee

More information on registration to the Symposium and to the visit to the JRC can be found on the [ESARDA website](https://esarda.jrc.ec.europa.eu).

50th Anniversary Programme

To celebrate the 50th Anniversary of ESARDA the symposium will include a commemorative part with both a historical review and an outlook on future opportunities and challenges.

Organiser

The organisation of the 2019 Symposium will be handled by the Joint Research Centre (JRC) of the European Commission, in Ispra, Italy.

Symposium Chair: Willem Janssens, Head of Department Nuclear Security & Safeguards at JRC, European Commission.
