## ABOUT UNIVERSITY

Mody University of Science & Technology, Lakshmangarh, Dist. Sikar (Rajasthan) was established in the year 1998 by industrialist Shri. Rajendra Prasad Mody. He is a true visionary who took an idea ahead of his time and founded Mody University exclusively for girls. Mody University is offering various UG/PG courses namely B.Tech, M.Tech, Ph.D, MBA, LLB, LLM, and BCA and is approved and accredited by AICTE, NBA and UGC. One can get to Lakshmangarh by bus from Jaipur or Delhi, or could take a train from Sikar. The nearest airport is Jaipur (130 Km).

## COLLEGE OF ENGINEERING AND TECHNOLOGY (CET)

The college has eight departments: Electrical Engineering, Mechanical Engineering, Electronics and Communications Engineering, Biomedical Engineering, Computer Science and Engineering, Computer Application, and Nuclear Science and Technology & Nano Science and Technology, running UG and PG programmes. The students have the options of selecting the programme/department as per their aptitude and area of interest.

## OBJECTIVE OF THE CONFERENCE

Now a days the academia and researchers are not only pondering, but experiencing the overwhelming outcomes of interdisciplinary researches. Moreover, it has been ubiquitously encouraged by the governments, research agencies and by the academic institutions.

The intent behind the multidisciplinary international conference is to provide a common platform, where academia, delegates from industry and nominees from various government agencies can sit together, and cherish about achievements so far, as well as deliberate upon futuristic approaches along with major bottlenecks. The deliberations will not only encompass all avenues of electronics, computer science and information technology but also through spotlight on positive and inadvertent impact of modern technologies on society. The context of the conference is to foster as well as exaggerate the research culture among academia and industry facilitated by sprinkled out ideas by exchange of the intellect during conduct of the conference. Furthermore, the intent of the activity is to, let the folks acquaint with transcendental growth, recent trends, innovations and security issues involved in the domain of communication technologies, smart systems, high performance computing, big data, social media, hardware & software design advanced software engineering, Internet of Things (IoT), e-governance etc. and their impact on commons through various brainstorming sessions. The conference will facilitate the young researchers, industries and research agencies especially, those, who are carrying out their research work in the aforesaid domain of computer science, information technology, electronics and communications with valuable discussions in order to make the outcomes more realistic.

## RELEVANCE OF THE CONFERENCE

The intent of any conference is not only to discuss lively and emerging issues of a particular domain but also dissemination of the awareness among other learned folks. The current society is already witnessing the stupendous growth of ICT in past few decades. Therefore, every subdomain of ICT is infested with some issues which need to be resolved for the welfare of mankind. There are innumerable issues associated with various segments of communication technologies, networks like security issues, cost minimization issues in high performance computing, energy minimization issues in IoT etc. Such conferences will provide an apt platform where awareness about novel researches can be disseminated, scope for further research can be investigated and challenges can be discussed.

Further, the proceedings of the conference are likely to be published by Springer or ACM, which ensures about the spread of knowledge and wisdom across the world. The delegates with high academic pursuits, from other developing and developed nations will also join and share their experiences, views and their modus operandi for coping up with the recent challenges.

## TOPICS OF INTEREST

Coding Techniques, Modelling & Simulation of Communication Systems, Network Architecture & Protocol, Optical Fiber/Microwave Communication, Satellite Communication, Wired & Wireless Communication, Wireless Sensor Networks, Artificial Intelligence, Computer Graphics and Virtual Reality, Speech/Image Processing, Data Mining Algorithms, Distributed Computing, Grid and Cloud Computing, Software Architecture, Bioinformatics, Evolutionary Algorithms, Software Engineering, Ubiquitous Computing, Security & Privacy in Wired, Wireless, Mobile, Hybrid, Sensor, Ad Hoc networks, Network Intrusion Detection and Prevention, Firewalls, Packet Filters, Malware and botnets, Communication Privacy and Anonymity, Distributed denial of service, Public Key Infrastructures, key management, credentials, Web security, Secure Routing, Naming/Addressing, Network Management, Security & Privacy in Pervasive and Security & Privacy for emerging technologies: VoIP, peer-to-peer and overlay network systems, and any other which suits to the domain.

## GUIDELINES FOR PAPER SUBMISSION

The papers must be original, previously unpublished in any of the aforesaid areas. All papers will be blindly reviewed by two domain experts of Technical Programme Committee. Send your manuscripts through easy chair by following the link:

<https://easychair.org/conferences/?conf=ic3ns2018>

Selected papers of authors will be published either in UGC approved Journals or in edited book to be published by International publisher.

## ENGINEERING EXCELLENCE AWARD - 2018

This prestigious award is conferred upon the Academician/ Researcher/ person from Industry who has made remarkable contributions to the engineering discipline. The distinguished worthy recipient will be identified by a committee of senior academicians and approved by the senior authorities of the University

## YOUNG TEACHER AWARD - 2018

One of the major attraction of IC3NS-2018 will be The Young Teacher Award. The award will be given to any one faculty (National/ International), having remarkable contribution to the academics/ research. The nominations are invited as per the criterion given below:

**Maximum Age Limit: 35 Years, NET/ GATE along with Ph.D. Degree in Engineering, Min. 15-20 research papers with at least two published in SCI Journals, minimum of 10 years of Teaching experience (Post Ph.D. 5 Years) and Guided at least 2 Ph.D. scholars.**

Five shortlisted aspirants will be invited to make a presentation of their contributions in terms of academics/research to a panel of experts.

**There will be NO BOARDING, LODGING & REGISTRATION FEE for selected aspirants and the award will be followed by a Cash Prize of Rs. 11,000/- , Memento and Citation.**

## COMPETITIONS

Best in Category	Prize & Benefit	Entitled Participants
Ph.D. Thesis	INR 5,000/- , Memento & Certificate, Free Accommodation and Free Registration	Candidates Awarded Ph.D. During Jan 2011 to Dec 2017
M. Tech Dissertation	Memento & Certificate for all Awardees 1 <sup>st</sup> Prize: INR 5,000 2 <sup>nd</sup> Prize: INR 3,000 3 <sup>rd</sup> Prize: INR 2,000	Candidates Awarded Degree During Jan 2014 to Dec 2017
Research Paper	Memento & Certificate for all Awardees 1 <sup>st</sup> Prize: INR 5,000 2 <sup>nd</sup> Prize: INR 3,000 3 <sup>rd</sup> Prize: INR 2,000	Research Scholar, Faculty Members, UG & PG Students

## REGISTRATION FEE
