International Conference on Computational Methods, Simulation and Optimization

Invitation

The International Conference on Computational Methods, Simulation and Optimization will be held at Asian Institute of Technology Conference Center, Bangkok Thailand during June 22-24, 2018. The aim of ICCMSO 2018 is to provide a platform for researchers, engineers, academicians as well as industry professionals from all over the world to present the research results and development activities in the different field of Engineering and Technology, Management, Physical & life Sciences and any other application areas related to Computational Methods, Simulation and Optimization. This conference provides an opportunity for the delegates to exchange novel ideas and research findings in a face to face environment, to establish business or research relationships and to find global partners for future collaboration.

Publications

All the full length accepted papers of ICCMSO 2018 will be published in the SCOPUS Indexed Journal. Authors can also choose the registration with reduced fee for the publication in non-SCOPUS category.

Authors can Submit
