

12th International Conference on Smart-Learning and Smart Technologies

Toward Smart Learning Society

25-26 September, 2018, Helten Ramsk, Calro.

The Arab Forum for Human and Technology Development organizes the 12th International Conference on E-Learning and New Technologies. The Conference is dedicated to provide a common platform for educational institutes, academia, government and industry to discuss key issues and new developments in the field of Education and scientific research, which is critical to the development of professional competitive edge. The Conference aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Education and scientific research. The conference is seeking submission of papers for presentations at the conference in two categories: abstract Submission; academic Paper Submission, all papers may be submitted in English / Arabic/French. Panel Discussions provide an opportunity for public discussion amongst a selected group of panelists A research works submitted without the participant attending the conference in person, but presented via video conferencing are refereed and published (if accepted) in the conference proceedings.
