About Us

2nd International Multi-Topic Conference on Engineering and Science (IMCES'2019) will be held on 05-07 May 2019 in Mauritius. IMCES is the premier forum for the presentation of advancement in engineering, science and technology and research results. The conference mission is to provide a platform for faculty, researchers, and designers from academia and industry to present their views, share their experiences, intellectual ideas and challenges in the field of engineering, science and technology and related fields. IMCES technical program will consist of plenary and keynote lectures in which the leading experts will present state-of-the-art reviews of rapidly-developing technology in addition to the latest significant findings and developments in all related fields. The event is expected to bring together more than 500 academicians, researchers, managers, designers, practitioners, and users who both advocate and adopt distinctively participatory approaches in the development of systems, services, and technology. First IMCES'17 was in Malaysia. Next IMCES'2020 will in Indonesia. This conference is a sister conference of ICHEM, ICGCET and RTCSE conference organized by Gyancity Research Lab in collaboration with MIR Labs, University of Malaga, Spain and University of Hawaii USA. All accepted papers of ICGCET, ICHEM, RTCSE and IMCES will be published in Scopus/Thomson Reuters/ESCI/Springer/Crossref Indexed journals. ICGCET organized in Dubai (2015), Denmark(2016), Ireland (2017), and Denmark (2018), will in Morocco (2019), and Seychelles (2020).
