About Conference

BITS-Pilani Dubai campus, Mechanical Engineering Department invites delegates from academia and industry to be part of three days of 2nd International Conference on Recent Advances in Materials & Manufacturing Technologies (IMMT) 2019. The conference aims to bring together leading academic scientists, researchers and scholars to exchange and share their experiences and research results in the field of Material and Manufacturing Engineering. It also provides the interdisciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Materials and Manufacturing Engineering. The conference will have oral presentations from delegates from academics, R & D organizations and Industries. Students delegates (Ph.D., Masters and Bachelors) will be given opportunity to present their work in the form of oral/poster presentations. Attractive prizes will be given to best poster and oral presentations.

Themes of the Conference

(Authors are invited to submit abstracts covering, but not limited to, the following areas)

- Advanced Manufacturing
- Advances in Materials Science
- Materials Processing
- Powder Processing
- Sensing, Monitoring & Diagnostics
- Data-Science Enhanced Manufacturing
- Non-Traditional Manufacturing
- Bulk and Sheet Metal Forming
- Welding
- Machine Forming
- Additive Manufacturing
- Modeling and Simulation
- Composite and Smart Materials
- Nanomaterials
- Bio-Materials
- Energy Material
- Surface Engineering
- Fatigue and Fracture
- Tribology and Corrosion
- Creep
- Finite Element Method
- Non-Destructive Testing
- Materials Characterization
- Green Machining
- Production Engineering and Management

About BITS Pilani-Dubai Campus

Birla Institute of Technology and Science Pilani (BITS Pilani) is an institution of international repute. Over the years, BITS Pilani has provided the highest quality technical education to students from all over India and abroad admitted on the basis of merit, only. BITS Pilani has three campuses in India (Pilani, Goa & Hyderabad) and one international campus in Dubai (U.A.E.).

The international campus of Birla Institute of Technology and Science, Pilani is one of the largest and the only institution exclusively dedicated to Engineering and Technology education in Dubai. It attracts a large number of students from UAE, other GCC countries, Asia, Africa and Far East. From Dubai Campus, BITS Pilani offers B.E., M.E., M.B.A. and Ph.D. programmes in various engineering and allied disciplines and more than 1700 students are admitted at the campus from over 20 countries world-wide. The vibrant campus has state of the art infrastructure and provides an opportunity to acquire best quality education in an international environment from well-experienced, highly qualified and dedicated faculty and research facilities

About Mechanical Department

The Mechanical Engineering Department at BITS Pilani Dubai campus is one of the major departments in terms of faculty members, students, and activities. It continues to lead and expand its activities in various directions. The Department has well-qualified faculties from prestigious institutions who are experts in various domains of Mechanical Engineering. The Department offers academic programmes leading to B.E. Mechanical Engineering, M.E. Design Engineering and Ph.D. degrees.
