The 11th International Symposium on Signal, Image, Video and Communications ISIVC 2022 will be held in the National School of Applied Sciences, University of Chouaib Doukkali, Morocco, on May 18-20, 2022.

ISIVC is a high-level international symposium and an important event for researchers, engineers and scientists from around the world to present and discuss recent advances, technologies and applications in the fields of Signal, Image, Video Processing and Communications. The symposium will feature world-class speakers, plenary, regular, poster and special sessions as well as business and industrial exhibits.

ISIVC'2022 includes a special track for demonstrations which are intended to highlight practical applications of Signal, Image, Video and Communications. This will be a very useful tool to complement the regular program with practical examples of special interest in the field of artificial intelligence.

CONFERENCE TRACKS

The symposium tracks include but are not limited to :

1. SAP: Signal and Audio Processing
2. CVIP: Computer Vision and Image Processing
3. DCN: Digital Communications and Networking
4. DSA: Data Science and Applications

PAPER SUBMISSION

Authors are invited to submit full-length papers of no more than six pages including results, figures and references. The submissions will be accepted only by electronic submission through the symposium official EasyChair link: <https://easychair.org/conferences/?conf=isivc22>.

All papers will be double-blind peer reviewed. Acceptance will be based on quality, relevance and originality. Accepted and presented papers as well as the symposium content will be submitted for inclusion into *IEEE Xplore* as well as other abstracting and indexing databases.
