## CALL FOR PAPERS

Organised by  
Faculty of Engineering  
CHRIST (Deemed to be University), Bangalore

## **IconDSC**

We feel honored to introduce to you and invite you for the 2019 International Conference on Data Science and Communication (IconDSC) in association with IEEE, IEEE Communication Society (Bangalore Section), Computer Society of India (Division-IV) and Kyungpook National University, scheduled on 1-2 March 2019 at Faculty of Engineering, CHRIST (Deemed to be University), Bangalore, India.

The IconDSC envisions its role towards enhancement of research in the area of data science and communication through collaboration, innovative methodologies and connections throughout the globe. In this direction, the mission is to deliver and coordinate, enact and publicize research and resources that enhance the impact and growth of education pertaining to the theme of the conference. The primary goal of the conference is to promote research and developmental, promote scientific information interchange between researchers, developers, engineers, students, and practitioners working in India and abroad.

## **Tracks**

2019 International Conference on Data Science and Communication (IconDSC) solicit papers in the areas of Internet of Things, Data Science, Network and Security, Software Engineering, Signal Processing, Communication, Embedded systems, Electrical Systems, Smart Grids and Internet of Energy (IoE), Sustainable Energy Systems and all the relevant disciplines to a common forum. Original, unpublished research papers highlighting specific research domains from all viewpoints are invited from delegates all over the globe. Following are the topics of interest but not limited to:-

**Track 1:** Internet of Things

**Track 2:** Data Science

**Track 3:** Network and Information Security

**Track 4:** Software Engineering and Emerging Trends

**Track 5:** Image Processing

**Track 6:** Signal Processing

**Track 7:** Communication

**Track 8:** Embedded systems

**Track 9:** Simulation and Modeling of Electrical Systems

**Track 10:** Smart Grids and Internet of Energy (IoE)

**Track 11:** Sustainable Energy Systems

**Track 12:** Applied Mathematics

## **Important Dates**
