

The 17th Annual

# MWAIS CONFERENCE

**Translational IS/T Research**

DATES  
**May 16 & 17, 2022**

LOCATION  
**Omaha, Nebraska**  
HOSTED BY  
**University of Nebraska at Omaha**

## THE PREMIER REGIONAL INFORMATION SYSTEMS CONFERENCE

On behalf of the MWAIS 2022 Conference Committee and the MWAIS Executive Committee, we take great pleasure in inviting you to plan on submitting a paper, panel, extended abstract, big idea (lightning talks), or a doctoral pre-proposal for workshoping in the 17th annual MWAIS conference to be held in Omaha, NE. Delegates will have the opportunity to showcase their work to a small, focused group of researchers while enjoying Omaha hospitality. The emergence of AI/ML, Robotics, Robotic Process Automation, Internet of Things (IoT), human-centered computing, cloud/grid/ubiquitous computing, big data, and smart communities has introduced opportunities and new challenges for IS researchers and educators. IS researchers have no choice but to pay attention to the convergence of theory and practice that enhances IT practice and education resulting in greater relevance of our work. Hence, the theme of the conference is **"Translational IS/T Research"** and we welcome all submissions and also those that fit this theme. All CDC Covid-19 protocols will be followed with vaccination and/or masks being required.

### CONFERENCE COMMITTEE:

#### General Chair

Deepak Khazanchi  
University of Nebraska at Omaha  
khazanchi@unomaha.edu

#### Program Co-Chairs

Tenace Setor  
University of Nebraska at Omaha  
tsetor@unomaha.edu
