2nd ProSES SYMPOSIUM 2021
FACULTY OF CHEMICAL AND PROCESS ENGINEERING TECHNOLOGY

“Roles of Process Systems Engineering for Sustainability”

ABOUT ProSES SYMPOSIUM 2021
In this one-day symposium, 2nd Process Systems Engineering and Safety (ProSES) Symposium 2021 serves as platform for academicians, researchers, scientist, practitioners and students to generate and present new ideas in related fields. The conference also aims to gather intellectuals from various fields to share the knowledge and discuss the recent trends and current issues in the fields of modelling and simulation, process control and optimization related to chemical engineering. Aside from that, the symposium will serve as a great opportunity to initiate research collaboration network among participants with similar research interests from around the world.

SCOPE
1. Renewable energy
2. Integration, modelling and optimization
3. Resource conservation
4. Supply chain management
5. Catalyst and reaction engineering
6. Separation and purification technology
7. Control and monitoring
8. Green technology and material
9. Material science and engineering
10. Safety and loss prevention

IMPORTANT DATES

Extended Abstract submission 31th March 2021
Notification of Acceptance 15th April 2021
Full Paper Submission Deadline 01st June 2021
Revised paper submission 01st July 2021
Registration & Payment Deadline 31th July 2021
Conference Date 12th August 2021

KEYNOTE SPEAKERS
Prof. Dr Gade Pandu Rangaiah
Emeritus Professor, Department of Chemical and Biomolecular Engineering, National University of Singapore

Dr Shahrul Azman Zainal Abidin
Process Simulation & Optimization Specialist, PETRONAS Group Technical Solutions.
