

**Regional
Conference**
GEOLOGICAL AND GEO-RESOURCES ENGINEERING

13th AUN/SEED-Net
Regional Conference on Geological
and Geo-Resource Engineering

Geological and Geo-Resource Engineering for Sustainable Earth

20-21 December 2021
Yogyakarta and online everywhere

Keynote Speakers

Prof. Dwikorita Karnawati

Meteorological, Climatological, and Geophysical Agency

Prof. Tsutomu Sato

Hokkaido University

Prof. Toshifumi Igarashi

Hokkaido University

Prof. Yasuhito Osanai

Kyushu University

Prof. Kotaro Yonezu

Kyushu University

Adi Maryono, M.Sc.

Director J Resources

Dr. Rita Susilawati

Center for mineral, Coal and Geothermal
Resources Geological Agency of Indonesia

Scientific workshop:

Prof. Makoto Kagabu

Nagasaki University

Scope

Mineral resources, exploration, and mining technology
Conventional and non-conventional energy resources
Soil and Rock mechanics, geotechnical engineering
Hydrogeology and water resources management
Environmental sciences
Sedimentology and stratigraphy
Structural geology and geodynamics
Remote sensing and GIS technology
Natural hazards & early warning system
Disaster Management and Disaster Risk Reduction
Petrology and Volcanology
Developments in Geothermal Energy

Registration Fee

	
Presenter*	
Non Presenter	

Category
Student
Non-student
Non-students**

Local
Rp 1.800.000,-
Rp 2.500.000,-
Rp 500.000,-

International
USD 200
USD 250
USD 50

*Including Article Processing Charge for publication
in IOP Conference Series: Earth and Environmental Science (EES)

**Free access to live presentations for local students (request by email)

Sponsored by

AUN/SEED-Net

Organized by

UNIVERSITAS GADJAH MADA
FACULTY OF ENGINEERING
DEPARTMENT OF GEOLOGICAL ENGINEERING
