TENCON (IEEE region 10 conference) 2022 “Tech-Biz Intelligence”

TENCON (IEEE region 10 conference) is a premier IEEE (Institute of Electrical and Electronics Engineers) international technical conference which has been conducted in region 10, to bring exciting discoveries, knowledge & understanding together. TENCON 2022 has been themed inspired by the IEEE Future Directions platforms both graduated & ongoing. Year 2022's TENCON is organized by IEEE HK Section, designed to be a blended event from Hong Kong SAR, China.

TENCON 2022 will be held from 1-4 November, 2022 in Hong Kong SAR, China for the venue based physical attendees. The others will be joining virtually to hear and engage with the exciting and innovative programs that is being planned. The theme of TENCON 2022 is “Tech-Biz Intelligence” and we will continue the footsteps of its predecessors, to serve as a great platform for researchers to discuss and explore advanced technologies in advancing humanity. The local organizing committee will try its best to keep live interactions among participants online. Up to 3-page Summary (including 35-word Abstract) based on IEEE conference template is required for submission. All presented papers will be submitted to IEEE Xplore and EI Compindex. We look forward to your participation to make this conference an exciting and fruitful event.
