Call for Papers

POZNAN UNIVERSITY OF TECHNOLOGY

CONFENIS 2018 offers the unique possibility for researchers and participants to both attend and submit contributions to several co-located conferences under the umbrella of the WCC 2018.

CONFENIS 2018 provides an international forum for Enterprise Information System (EIS) researchers and practitioners from all over the world to come together, present and discuss their latest research findings and ideas. The conference is specifically aiming at facilitating the exchange of ideas and advances in all aspects and developments of EIS.

CONFENIS 2018 invites EIS-experts who are interested to present and disseminate their work at an international forum to submit their contributions. The proceedings of the conference will be published by Springer LNBIP as part of the WCC-2018 Conference Proceedings.

CONFENIS 2018 will be held in the frame of **IFIPs World Computer Congress-2018 (WCC 2018)** at the Campus of Poznan University of Technology, Lecture and Conference Center, Poland from September 18th to 20th 2018. On a two-year basis the International Federation for Information Processing brings together experts from all over the world, representing the commercial, industrial and scientific sector, to showcase and discover innovative ideas.
