CALL FOR PAPERS

Dear Colleagues,

The International Conference on Computer Sciences, Networking & Information Security (ICCSNIS' 2021) program committee is inviting authors to submit original contributions in the event research area. ICCSNIS' 2021 is an innovative forum, covering all aspects of Computer Sciences Applications and Infrastructures, such as, Networking and Information Security as well as their involvement in the Telecom market, Contemporary Computer Technologies and Applications, Computer Vision, Advanced Computer Research and Topics related to Basic Sciences in Mathematics, Physics and Chemistries used in the analysis, control and automation of the intelligent systems.

Papers accepted and presented at ICCSNIS' 2021 will be published in the conference printed proceedings and will be submitted for possible inclusion in IEEE Xplore Digital Library through IEEE CPS (Application in process).

Topics of Interest (but not limited to):

♣ **Computer and Information Security**

♣ **Medical & Bio Informatics**

♣ **Information Systems**

♣ **Theory & Algorithms**

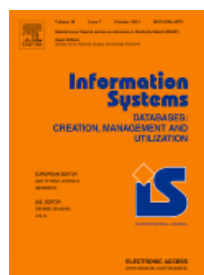

♣ **Network Applications and Telecom Networks**

♣ **Artificial Intelligence, Computer Vision, Natural Languages Processing and Robotics**

♣ **Basic Sciences (Math, Physics, Chemistry) to analyse, automate and control.**

Authors are invited to submit papers prepared using the IEEE 2-column conference style and are limited to 6 pages including references (Full Paper) or 3 pages (Long Abstract). Papers must be submitted electronically in PDF format through EDAS <https://edas.info/N28133>. All papers will stand to a blind review process.

Authors of selected papers accepted for publication in ICCSNIS'2021 proceedings will be invited to submit an extended version of their papers to the conference related journals.
