

Conference Chair

- Professor Hashem Akbari, Professor,
Civil and Environmental Engineering, Concordia University, Montreal, QC, Canada

Organising Chair

- Dr. Wolf-Gerrit Fruh,
School of Engineering & Physical Sciences, Heriot-Watt University, Edinburgh, United Kingdom
- PD. Dr. Dipl. Ing. Amela Ajanovic,
Energy Economics Group (EEG), TU WIEN, Austria

Technical Chair

- Dr. Avlokita Agrawal,
Department of Architecture and Planning, Indian Institute of Technology, Roorkee, India

Welcome Message:

On behalf of technical and organizing committee, I am honored and pleased to invite you to participate at 6th International Conference on Energy, Environment and Economics (ICEEE2021), 24-26 August, 2021 at Heriot-Watt University, Edinburgh, UK. ICEEE2021 will bring together experts and academics from around the world. The emphasis at this conference is on refining the objectives for delivery of clean energy technologies, their environmental impact and economic viability in the current and future scenario.

I am pleased to have global experts as guest speakers during the event. Conference will be held at Heriot-Watt University, Edinburgh, and the inspiring capital of Scotland, where centuries of history meet a vibrant, cosmopolitan city in an unforgettable setting. Edinburgh has been recognised as the capital of Scotland and is one of Scotland's most beautiful cities.

Hilly Edinburgh, Scotland's capital has a medieval Old Town and an elegant Georgian New Town, with gardens and neoclassical buildings. It's home to Arthur's Seat, an extinct volcano in Holyrood Park with sweeping views from its peak. Looming over the city is hilltop Edinburgh Castle, home to Scotland's crown jewels and the Stone of Destiny, traditionally used in the coronation of Scottish rulers.

I hope that you will find the conference suitable and most appropriate for dissemination of knowledge and explore networking opportunity.

I welcome you all to participate in the conference. See you in Edinburgh!!!

International Conference Chair

Hashem Akbari, Professor,
Civil and Environmental Engineering, Concordia University, Montreal, QC, Canada
