Dear Researcher/Scholars/Academicians/Industrialists,

Original, unpublished, research contribution which is not currently under review by another conference or journal and addressing state-of-the-art research are invited to share work in all areas of Expert Application & Security but not limited to the conference tracks.

ICE-TEAS 2018 is An International ICE Breaking & Melting Platform Through the TEAS of Great Knowledge, Innovations, and Networking Opportunities. To Elaborate the other way, ICE Represents the Hurdles, Challenges, Problems, and Limitations Being Faced by the Researchers in the Pursuance of Their Research Practices & Implementation of Innovations, and TEAS are the Knowledge Dissemination and Exchange of Ideas to Melt the ICE. Through ICETEAS 2018, the Participants will explore an Ocean of All the Possible Solutions, And Opportunities to Find Ways to Come Out of Their Research Problems/Limitations and to Share Their Contribution Towards the Society.

Conference Tracks

The tracks of the conference include but not restricted to:

Track 1: Expert Applications and Artificial Intelligence

Track 2: Information and Application Security

Track 3: Advanced Computing

Track 4: Multimedia Applications in Forensics, Security & Intelligence

Track 5: Advances in Web Technologies: Implementation & Security Issues

All accepted papers will be published in the following journals, indexed in major academic databases such as SCI, DBLP, SCOPUS, ACM Digital Library and Google Scholar:
