22nd International Conference on Mechatronics Technology

October 26th – 29th, 2018 in Jeju Island, Korea

CALL FOR PAPERS (2nd Announcement)

Scope of the Conference
The aim of this conference is to allow participants an opportunity to discuss, exchange recent development, new ideas and share their research experiences in the field of Mechatronics technology. The conference will be featuring invited speakers as well as consisting of oral presentations and contributed posters covered a wide range of topics and issues on specific themes.

The ICMT is an annual international conference on mechatronics technology that has been successfully held for 20 years. ICMT offers a forum to discuss state-of-the-art technologies and emerging application trends, and provides great opportunities for professional interactions and networking in a friendly and hospitable setting. The first ICMT was convened in Santa Clara, USA, in 1996, and subsequently in Yokohama, Hsinchu, Pusan, Singapore, Kitakyushu, Taiwan, Hanoi, Kuala Lumpur, Mexico City, Ulsan, Sudbury, Cebu City, Osaka Melbourne, Tianjin, and Jeju Island, Taipei, Tokyo, Dalian and Hochiminh City. The objective of ICMT is to facilitate close dialogues, networking and collaborations among experts on issues related to research and technological development in mechatronics, as well as in human resource development and education.

Technical Sessions
- Smart Actuators and Materials
- Renewable Energy and Smart Grid
- Precision Measuring Technology
- Production Systems
- Sustainable Automotive Technologies
- Information and Networking
- Advanced Mechatronics Devices, Sensing and Control
- MEMS/NEMS and Micro/Nano-Manufacturing
- Bioengineering and Mechatronics Applications in Life Sciences
- Human Resource Development and Education on Mechatronics Technology
- Internet of Things, Internet based Manufacturing, AI, Super Smart Society
- Composite and Polymer Materials

Special Publication in Journals
ICMT2018 coordinates with authors and indexed journals to ensure high quality research work could achieve esteemed publication. All high quality accepted papers will be recommended to submit to the SCI/SCIE, EI indexed journals for further consideration and publication according to the participating journal publishing policies and requirements. The following journals have accepted for further paper consideration and publication such as: Mechatronics, IJAT, ISCI.

Conference fee
The attendee conference fee includes registration, proceedings, welcome reception, lunches, banquet
