

1st African-American International Conference on Transportation

October 29 – 31, 2019 at Morgan State University, Baltimore, Maryland, USA

Theme: “Sustainable and Smart transportation Innovations for better Interconnectivity”
innovative research in the design, operation and management of transportation infrastructure that contributes to creating smart, sustainable and resilient communities at local, national and international levels

Organised by African-American Transportation Professional Networking Group as collaboration and co-hosted by Institute for Urban Research (IUR); Department of Civil Engineering; Department of Transportation & Urban Infrastructure Studies, Morgan State University, Baltimore, MD, USA

About the Conference

The conference includes research findings, best practices, case studies, problem statement and solving, involving countries from all over Africa, America and beyond, about transportation, road and airport pavements engineering: Effective Maintenance, Preservation and Rehabilitation activities; Pavement Management Systems; Data monitoring and performance assessment; Life-cycle cost analysis and life-cycle assessment; Road Safety and risk management; Innovative design methods and materials; Smart infrastructures and Intelligent Transportation Systems; PPP/funding mechanism. The conference program includes the following: parallel podium/poster sessions, technical tours and workshops; plenary sessions including presentations by leaders in the field of Transportation engineering; exhibits of international companies driving innovation and quality in transportation engineering, construction and maintenance techniques; Key-note speeches, parallel sessions, podium presentations, forums & open discussions, interactive meetings, poster presentations. Conference papers will be published in ICTA2019 proceedings with ISBN.

Important Dates:

Abstract with full paper Submission deadline: June 30, 2019
Early bird Registration deadline: August 30, 2019
Late Registration deadline: September 30, 2019
Conference Date: October 29 – 31, 2019

Participants:

Everyone in any way connected with transport is invited. This conference will be of particular interest to funding agencies, national government authorities, policy and decision-makers, academics, researchers, students and professionals active in the planning, construction, maintenance, logistics, operation and safety of passenger and freight transport, road traffic, rail, maritime and aviation. End-users will also find the conference of interest.

Planning/ Organizing Committee

Dr. Simon Oladele, Ph.D., Pr.Eng., M.ASCE, (ICTA2019 International Coordinator) & Professor (IUR Exchange Program), Department of Civil Engineering, Morgan State University (MSU), USA
 Prof. Glenn Robinson, MA. MM., Research Associate Professor, Institute of Urban Research, MSU
 Dr. Oludare Owolabi, D.Sc., P.E., MCIHT, REG Engr, COREN, Director, Center for Advanced Transportation and Infrastructure Engineering, Department of Civil Engineering, MSU
 Dr. Celeste Chavis, Ph.D, P.E., Associate Professor, Department of Transportation & Urban Infrastructure Studies, MSU
 Dr. Robert Nettey, MD. Executive Director, Peace Corps-Prep Director/Coordinator, Centre for Global Studies and International Education, MSU
 Dr. Steve Efe, Ph.D, Assistant Director, Center for Advanced Transportation and Infrastructure Engineering, Department of Civil Engineering, MSU

Advisors

Prof. Raymond Winbush, Ph.D, Research Professor & Director, Institute of Urban Research, MSU
 Prof. Jiang Li, Ph.D., Professor & Chair, Department of Civil Engineering, MSU
 Prof. Anthony Saka, Ph.D., Professor & Chair, Department of Transportation & Urban Infrastructure Studies, MSU
