Authors should select one of the following categories for their contributions:

Category A

(Academic Research Papers - 8-12 single column pages)

Established researchers, Doctoral and Master degree candidates are invited to submit papers describing their research. Such research contributions may be based on conceptual/theoretical, empirical/experimental, or application/practical studies.

Category B

(Preliminary/Work in Progress Papers - 4-6 single column pages)

This category is for studies which are either at the preliminary or work in progress stage. Very early stage researchers such as final year undergraduate students are encouraged to develop poster presentations of their projects.

Category C

(Industry Contributions – abstract only)

This category of papers will be for presentation only. Industry practitioners are particularly encouraged to contribute evidence of challenges encountered in practical asset management situations.
