

Adrar

Located at more than 1 400 km to the south west of Algiers by taking the trans-Saharan route, Adrar is the administrative capital of Adrar Province, the second largest province in Algeria. The commune is sited around an oasis in the Touat region of the Sahara Desert. The area of Adrar (which includes the provinces of Adrar, Timimoun and Bordj Badji Mokhtar) is at a crossroads between Algeria and the sub-Saharan Africa, and in particular Mauritania and Mali, as well as between the regions of central , eastern and western Sahara. This crossroads is characterized by its natural and archaeological sites (A vast area of sand dunes, the Erg Chech, lies to the west, while a large rocky plateau, the Tademaït, lies to the east and the petrified wood forests of the Tidikelt). Adrar is mainly an agricultural town, characterized by its traditional irrigation system, the Foggara, its Ksour and Kasbates, its thousand-year-old manuscripts, its folklore, its craftsmanship and so on. Its heritage is rich and diversified on the natural, cultural and religious levels. This has allowed the region to retain its ecosystem in a judicious way, thus preserving the Saharan fauna and flora : fennec, gazelle, desert monitor lizard ,black kite, palm groves,... Thus, and because of its position at crossroads, the area has managed to attract, for more than a thousand years, eminent cultivated people, scholars and explorers that came from different regions of the Maghreb, Andalusia and even from the far middle eastern region. They contributed to its intellectual and scientific influence. Its status as a modern university city since 1986 has never stopped growing to the point that it has become a university centre of African dimension which is a rehabilitation of the region in scientific, cultural and socio-economic terms. Taking into account its geographical position and its cosmopolitan character, Adrar and its university, can aspire to become a great centre of scientific and technological influence thanks to the ambitions of its people. If you want to know more about Adrar, please visit the following website : <https://www.dta-adrar.dz/fr/potentialitestouristiques>

Organises

The twelfth

Meeting on Mathematical Analysis and its Applications

Adrar, November 9–12, 2023

with the collaboration of

ATRST (DGRSDT) and LaMMA

(Second Call)

Aims

This meeting is a periodical event. It hopes to promote research in mathematics and stimulates and encourages international scientific cooperation by offering an exchange forum for knowledge in mathematics, analysis and beyond. This event is organised mainly by the mathematics laboratory of the university of Adrar.

Invited Speakers

B. Abdellaoui (Tlemcen, DZ)	C. Amrouche (Pau, FR)
A.M. Kurien (Pretoria, ZA)	F. Bethuel (Paris, FR)
C. Bouzar (Oran, DZ)	G. Carbou (Pau, FR)
M. Dambrine (Pau, FR)	H. Fujita Yashima (Cne, DZ)
S.M. Kebir (Paris, FR)	R. Labbas (Le Havre, FR)
K. Lemrabet (USTHB, DZ)	O. Ley (Rennes, FR)
P. Lewintan (Essen, DE)	S. Nečasova (Prague, CZ)
A. Ouahab (SBA, DZ)	A. Parusinski (Nice, FR)
B. Perthame (Paris, FR)	L. Rahmani (Tizi-Ouzou, DZ)
A. Rhandi (Salerno, IT)	L. Rifford (Nice, FR)
A. Rougirel (Poitiers, FR)	L. Santos (Braga, PT)
B.J. Van Wyk (Pretoria, ZA)	E. Zuazua (Nürnberg, DE)

Committes

Honorary Chair

- Pr M.E.A. Benamar, Rector of Ahmed Draia University, Adrar
- Pr F.O. Tebboune, Rector of Moulay Tahar University, Saida

Steering Committee

- Aissa Aibeche, University of Setif 1
Abderrahmane Yousfate, University of SBA

Organising Committee

L. Boukemiche	A. Hadjadj
A. Slama	M. Rahmane
M. Debagh	T. Mamouni
A. Keddi	M. Kohili

Scientific Committee

C. Amrouche (Pau)	A. Boudaoui (Adrar)
D. Azzam (Jijel)	M. Benchohra (SBA)
S.M. Bouguima (Tlemcen)	D. Chacha (Ouargla)
K. Djouani (Paris-est)	L. Mezrag (M'Sila)
M. Morsli (Tizi-Ouzou)	B. K. Sadallah (Kouba)

Topics

- Functional Analysis, PDEs, ODEs, Dynamical Systems and its Applications,
- Numerical Analysis and its Applications,
- Probability, Statistics,
- Artificial Intelligence,
- Focus on some applications in the domain of energy.

Miscellaneous Informations

Important dates

Submission deadline for the communication : 31th of Septembre 2023. Date of notification of acceptance : 15th October 2023.

Registration fees

Frais d'inscription :

- University teachers, full board : 12 000 DA
- University teachers, half board : 4 000 DA
- PhD students full board : 6 000 DA
- PhD students half board : 2 000 DA
- Other participants full board : 20 000 DA
- Other participants half board : 10 000 DA

Registration Form

First Name :
Family Name :
Work status :
University : position :
Institution :
Phd Student
Post-Doc
Other Specify :
Topic :
Address :
Email :
Tél : Fax :
I would like to participate with
An oral presentation A poster No presentation
Title of the presentation :
Type of support :
Full board Half board
This registration must be fully completed with an extended resume of 3 to 4 pages and sent to the registration committee of the event, by email, before the 31th of September 2023.
