JAIN (DEEMED-TO-BE-UNIVERSITY)
JAYANAGARA 9TH BLOCK, BENGALURU-69

ABOUT US

JAIN (Deemed-to-be) University, an intellectual destination that draws inspired students from more than 38 countries to India's Silicon Valley - Bengaluru, has been established with an aim to provide quality education and entrepreneurial development. Due to its commitment to learning, research, academia and entrepreneurial development, National Assessment and Accreditation Council (NAAC) has awarded 'A++' Grade to JAIN with a CGPA of 3.71 on a 4-point scale. A culturally vibrant campus consisting of students from various states contributed to achieve this award which reinvigorates the culture and rich academic traditions of the University.

The School of CS & IT established in the year 2007, strives with the ulterior aim to bridge the gap between the Curriculum, Industry Expectations and Research. It is also a centre for research, innovative education and enhancement. The school offers UG & PG programs with specialization in IoT, Information Security Management, Data Analytics, Cloud Technology, Information Security, Mobile Application and Cloud Technology, Artificial Intelligent and Machine Learning, Cybersecurity, Information Technology for Health Care, B.Sc-Animation, Digital film-making, Gaming and Animation.

CONFERENCE DETAILS

The ICRDSTEM'23 on Science, Technology, Engineering, and Management aims to provide a forum for academicians, researchers and practitioners to discuss cutting-edge developments in their fields. The conferences also facilitate networking with experts and researchers, do discuss ideas and research findings . In 2022, the first International Conference was held, where, we received 400 research papers across 16 countries and 100 papers were published leading to a great success. The ICRDSTEM, one of the most meticulous specialist conferences of its kind in the academic world, has been specifically designed to provide technological and additional assistance to intensify research and innovative enterprises, disseminate ground breaking experimental results and publish papers.
