## About ICBDAIA'25

The Laboratory for Computer Science Research (LaRI) and the Master of Artificial Intelligence & Cybersecurity (MAICS), part of the Computer Science Department at the Faculty of Science, Ibn Tofail University, are organizing the 4<sup>th</sup> International Conference on Big Data and Artificial Intelligence Applications (ICBDAIA'25), which is indexed by Springer. The conference is scheduled to take place at the Faculty of Science in Kenitra, Ibn Tofail University, Morocco, on July 02<sup>nd</sup> and 03<sup>rd</sup>, 2025. This event follows the success of previous editions held in Kenitra in May 2023, and in Laayoune in November 2023 and 2024, on Celebration of the 48<sup>th</sup> and 49<sup>th</sup> anniversaries of the Glorious Green March.

ICBDAIA'25 aims to provide an international platform for exchanging ideas and information on current studies, challenges, applications, research, system developments, and practical experiences in the fields of Big Data and Artificial Intelligence. It focuses on various domains, including the environment, agriculture, energy, medicine, education, economy, industry, and more.
