ABOUT GLOBAL COLLEGE MALTA

Global College Malta is one of the Mediterranean region's most prestigious and forward-thinking private higher education institutions. We are renowned for offering exceptional, high-quality undergraduate and postgraduate courses. Our holistic, world-class education and cross-discipline curricula, prepare our students to have successful and highly rewarding careers. With more than a decade of experience in Malta, Global College Malta has established a deserved reputation for high quality and has strong and close linkages with the local industry. Many of our students have gone on to develop very successful careers in Maltese and international organisations, testimony to the high quality and skills development potential of all our courses. Our lecturers are entrepreneurs, C-suite executives and academic scholars who have excelled in different industries. Their industry experience combined with the mastery of academic knowledge helps them create the best classroom environment for our students who come from all over the globe.

ABOUT THE CONFERENCE

The International Conference on Technology - Enhanced Teaching and Learning (ICTETL 2025) aims to explore innovative ways technology is transforming education across disciplines. With the rapid evolution of AI, digital tools, and data-driven learning strategies, this conference will bring together academicians, researchers, industry experts, and policymakers to share insights, best practices, and research advancements in technology-integrated pedagogy.

This interdisciplinary platform will delve into how Computer Science, Management, Commerce, and Social Sciences are adapting to technology-driven education models for better learning outcomes.
